### VINIFICATION

Alcoholic fermentation with selected yeasts in stainless steel tanks. Made without malolactic fermentation, and aged on fine lees in tanks for 6 months.

### VINEYARD

El Vallecito was planted in 2013 on limestone soils at 377-450 feet and is surrounded by the Tandilia mountain range, a 2200 million-year-old formation. The high rainfall levels in the area throughout the vine growth cycle, combined with temperatures ranging from 84 °F (29 °C) during the day to 57 °F (14 °C) at night, provide ideal conditions for the development of red and white strains.

### TASTING NOTES

**Sight:** Golden color with green hues.

**Smell:** Fruity notes of white peach and mango, citric, and orange zest reminiscences.

**Taste:** In the mouth, the attack is soft and uctuous, with fresh acidity. Ideal for pairing with fish or seafood dishes.
